PROJECT OPTION

Under the project plan, a student must submit an acceptable project, completed under the supervision of a MAT faculty member and approved by the student's committee. The project will consist of research or creative work resulting in a prototype, installation, experiment, or performance. An academic paper will describe the project, and the student will make a public presentation of the work. The project and documentation will be evaluated by the student's committee. Students are responsible for making an arrangement for the public presentation three weeks in advance. Notify Graduate Program Assistant for an email announcement.
